SCIENCE FOR SELF-RELIANT INDIA AND GLOBAL WELFARE

The 6th India International Science Festival (IISF 2020) was held in virtual format from Dec 22nd to 25th, 2020. In his inaugural address, Prime Minister Shri Narendra Modi said, India has data, demography and demand to achieve world class scientific solutions. The Prime Minister gave a call to the global community to invest in Indian talent and innovate in India. In his address, Union Minister of Science & Technology Dr. Harsh Vardhan said the IISF has now become a Science Movement deepening engagement between science and citizens. This year, there were total 41 events under 9 broad verticles. Five Guinness world records were also attempted in IISF 2020.

In his valedictory address the Vice President Shri M. Venkaiah Naidu underlined the need to promote Science education and inculcate the scientific temper from a young age. He emphasised that an important lesson taught by the pandemic is that we need to invest and sustain R&D and strive to become self reliant.

Employment News caught up with Dr. Ranjana Agarwal, Director, National Institute of Science, Technology and Development Studies, New Delhi, a CSIR Institute. She is also holding the additional charge of National Institute of Science Communication & Information Resources, the Institute which recently held the India International Science Festival (IISF) 2020. The interviewer is S.Rangabashiam a New Delhi based News Anchor with All India Radio.

What was the event about? What was the main focus of India International

Science Festival 2020?

The theme of IISF 2020 was - Science for self reliant India & Global Welfare. It was a thought which was conceived and initiated by the Minister for Science and Technology Dr. Harsh Vardhan along with Vigyan Bharti which is the largest organisation spearheading the swadeshi science movement. It was thought that science is not being enjoyed by the common masses, so we must have an event which we are calling festival where we celebrate science. That was how India International Science Festival (IISF) was

conceived in 2015. The objective was to bring people from different sections of the society on one platform to interact with scientists. In 2015 it was started in IIT Delhi and the kind of response it got motivated us to make it an annual affair. It moved to Lucknow, Chennai and Kolkata, thereby covering different cities of the country. But this time, due to the ongoing Covid pandemic it was a challenge to hold it. It was announced in October this year and held online from 22nd to 25th December 2020. Both the opening and closing days are very special because 22nd December is the birth anniversary of legendary Indian Scientist Dr. S. Ramanujam and 25th is the birth anniversary of former Prime Minister Shri Atal Bihari Vajpayee and both have strong association with science.

In these times when we are focussing on Atmanirbhar Bharat what kind of role Applied Science can play with respect to import substitution?

We have faced a huge challenge during Covid period. Prime Minister Shri

CAREER IN MARKET RESEARCH

Nidhi Prasad

The market research industry in India has witnessed a vast transformation in the recent past and is predicted to keep transforming as we walk on the path of globalization and digitalization. This is the best career for those who want to make innovations that alter existing perceptions. It is a fantastic base for a business career as graduates can experience a wide range of sectors. Once you've cut your teeth in it, your options are potentially limitless.

What is Market Research?

Market research is a marketing technique that collects information about consumers and their choices, usually through surveys, analysis and interprets the information before providing it to clients to help in decision making. It is the process of determining the viability of a new service or product through research conducted directly with potential customers. Market

research allows a company to discover the target market and get opinions and other feedback from consumers about their interest in the product or service.

If Unilever wants to launch a new shampoo, they need to first decide on who will buy the shampoo. Is the target consumer, a man or a woman? Should it be a dry or a liquid shampoo? What fragrance should it have? What type of hair will it suit? These and

other such questions will need to be asked to help the company take important decisions regarding the new product. Detailed data is required to be collected before planning a campaign in order to explore possible markets for a product or service. This is what market research is all about.

Today, we live in a consumer-driven world, and the businesses have to face a cut-throat

competition to survive and succeed in the market. A company cannot succeed without understanding the consumer's needs and behavior and hence it relies on intensive backend market research. Almost any successful sales or business is based on extensive market research. In simple terms market research is what businesses call their attempt to learn more about their target customers. This is the process of discovering and understanding the characteristics of people who will buy the product.

Market Research can be carried in two ways:

Quantitative research, which is gathered through survey and questionnaires. Here the researcher focuses on coming up with numbers, example - what percentage of the population buys a particular product.

Qualitative research, gets behind the facts and figure to find

CAREER IN MARKET RESEARCH

how people feel about a particular product. Researchers take interview, use questionnaires and interpret the result.

ELIGIBILITY CRITERIA

Market research analysts have a bachelor's degree in any of the following: marketing, statistics, computer science, math, social sciences, business administration or communications. Certifications are voluntary but strongly recommended, as they help demonstrate professional competency. The Marketing Research Association provides training and certification to those who qualify.

Market Research certification courses in India

- Certified Research Analyst (CRA)
- Certificate in Market and Social Research Practice.
- Professional Researcher Certification (PRC)
- Graduate Certificate in Marketing Analytics and Market Research.
- Post Graduate Certificate Program in Market Research and Data Analytics.

Market research executives are normally MBAs with a specialisation in marketing, while those handling data interpretation would need to be post-graduates in sociology, psychology or anthropology, social work and related fields. Those going into field work would need a general degree, although economics, psychology, statistics, geography or the social sciences is preferred along with strong communication skills.

A good area for college students who get hands-on experience for a possible career in market research. With a statistics or computer background you could enter the data analysis area.

STUDY ROUTE: One can clear Class XII in Commerce and then Pursue BA Economics, Statistics, B.Com, BBA, (Marketing Specialization) followed by Masters in Business Administration or Masters in Marketing Research. OR

Clear Class XII in any stream and pursue B.Sc Marketing

(Hons) or BBA (Marketing Specialization), BA Economics, Statistics, B.Com, BBA, (Marketing Specialization) followed by a Diploma Course in Marketing.

WORK DESCRIPTION

- Collect data on customer demographics, preferences, needs and buying habits to identify potential markets and factors affecting product demand.
- Gather data on competitors and analyze their prices, sales, and method of marketing and distribution.
- Devise and evaluate methods and procedures for collecting data, such as surveys, opinion polls, or questionnaires, or arrange to obtain existing data.
- Monitor industry statistics and follow trends in trade literature.
- Measure the effectiveness of marketing, advertising and communications programmes and strategies.
- Prepare reports of findings, illustrating data graphically and translating complex findings into written text.
- Forecast and track marketing

and sales trends, analyzing collected data.

- Collaborate with marketing professionals, statisticians, pollsters and other professional.

SKILLS REQUIRED

Market Research is the right field for you if you have a -

- Keen analytical mind
- Love meeting new people
- Good social skills
- Mental stamina and physical energy
- Numerical ability
- Skilled in time management
- Excellent communication skills

An interest in socio-economic trends, patience and an organised approach is important to get into this field. One way to check if you have what it takes, is to get yourself a summer internship handling fieldwork in a market research organisation. If you like your work, it could really pave the way for a successful career in a widely expanding field.

CAREER OPPORTUNITIES IN MARKET RESEARCH

Today, market information is required in practically every kind of organisation. Market research is the most essential tool for this purpose. Government departments too have realized the importance of getting information on the public opinion on a range of issues and have often used the services of market research organisations. Political parties use market research to conduct opinion polls and find out polling patterns. Social and economic research organisations use market research companies to collect data. Television channels use market research to find out the popularity of programmes shown on television through television rating points (TRPs).

While most multinational and marketing organisations, governments departments and research institutes handle some in-house market research operations, there are market research agencies that specialize in providing this service. Most agencies have specialized in the kind of research services they handle, with a huge data bank of information. Some advertising agencies have also set up their own special departments in market research.

Market research analysts are the backbone of all crucial business strategies. They have to play varied roles to understand and improve the sales of a firm. Analysts have to study the statistical data of past sales and predict the future sales of the service or product. They have to research the products, prices and marketing strategies used by the competitors.

The analysts also tell the company about the risks and rewards of introducing a new

product line or expanding into new territory.

The following are some major sectors that depend on constant market research for their growth:

- Automotive
- Education and Training
- Finance, Investment, and Insurance
- FMCG including Food Drink and Household Products
- Government and Local Authority
- Healthcare and Medical
- Leisure and Tourism
- Media and Public Relations
- Property and Housing
- Public Services and Utilities
- Retail and Wholesale Market
- Political Institutions

Market Research professionals can work in the following profiles depending upon their interest, expertise and skill-sets:

Research Director: This is the most senior position in Market Research and takes the entire responsibility for developing and delivering all the market research related projects on time.

Research Manager: Research Managers are responsible for designing, implementing and managing the respective research projects. They make sure that the research project is running flawlessly and for that matter liaises with the operational director. They act as a bridge between the company and its clients.

Research Executive: A Research Executive takes part in the initial development of projects and also works with the operational department of the firm. The executive closely works with the research manager and research analyst to develop the layout of research design and data collection. They are also involved in the preparation of the final research report.

Statistician/ Data Processing Professional: They mainly focus on one or many core areas of data processing, which includes scripting of surveys, data processing tabulation, statistical sampling and market modelling.

Research Analyst: They look after the work of data analysis and data presentation. In addition, they also play an important role in testing the quality of questionnaire routing.

Research opportunities for exceptionally talented and strongly motivated students

PH.D. AND I-PH.D. (INTEGRATED M.SC.-PH.D.) PROGRAMME IN MATHEMATICS, PHYSICS, CHEMISTRY, BIOLOGY, COMPUTER & SYSTEMS SCIENCES; PH.D. PROGRAMME IN SCIENCE EDUCATION;" M.Sc. PROGRAMME IN BIOLOGY (MUMBAI ONLY);

The Tata Institute of Fundamental Research invites applications for admission to its M.Sc., Integrated M.Sc.- Ph.D. (I-Ph.D.), and Ph.D. Graduate Programmes in the subjects given below:

SUBJECTS:

- Mathematics (Ph.D. and I-Ph.D. programmes);
- School of Mathematics, Mumbai (<http://www.math.tifr.res.in>).

• Centre for Applicable Mathematics, Bengaluru (<http://math.tifrbng.res.in>).

• International Centre for Theoretical Sciences (ICTS), Bengaluru (<http://www.icts.res.in>): only Ph.D. programme.

Physics (Ph.D. and I-Ph.D. programmes):

• Department of Astronomy & Astrophysics, Department of Condensed Matter Physics & Materials Science, Department of High Energy Physics, Department of Nuclear & Atomic Physics, Department of Theoretical Physics (all at Mumbai campus) (<http://www.tifr.res.in/~sbp>). • National Centre for Radio Astrophysics (NCRA), Pune (<http://www.ncra.tifr.res.in>). • TIFR Centre for Interdisciplinary Sciences, Hyderabad [TIFR-H] (<http://www.tifr.res.in>): Theoretical and experimental activities in physical, chemical, biological and engineering sciences, within and across disciplines. • International Centre for Theoretical Sciences (ICTS), Bengaluru (<http://www.icts.res.in>).

Chemistry (Ph.D. and I-Ph.D. programmes):

• Department of Chemical Sciences, Mumbai (<http://www.tifr.res.in/~cdcs>). • TIFR Centre for Interdisciplinary Sciences, Hyderabad [TIFR-H] (<http://www.tifr.res.in>):

Biology (Ph.D., I-Ph.D. and M.Sc. programmes):

• Department of Biological Sciences, Mumbai (<http://www.tifr.res.in/~dbs>). • National Centre for Biological Sciences (NCBS), Bengaluru (<http://www.ncbs.res.in>): Ph.D. and I-Ph.D. programmes only. • TIFR Centre for Interdisciplinary Sciences, Hyderabad [TIFR-H] (<http://www.tifr.res.in>): Ph.D. and I-Ph.D. programmes only.

Computer & Systems Sciences Including Communications and Machine Learning (Ph.D. and I-Ph.D. programmes): School of Technology & Computer Science (STCS), Mumbai (<http://www.tcs.tifr.res.in>).

Science Education (Ph.D.): Homi Bhabha Centre for Science Education, Mumbai. For admission procedure, see <http://www.hbcse.tifr.res.in>.

GRADUATE SCHOOL:

The academic year starts from August 2, 2021. Stipend: Ph.D. students receive a monthly fellowship of Rs. 31,000/- enhanced to Rs 35,000/- after registration for Ph.D.; I-Ph.D. students receive a monthly fellowship of Rs 21,000/- for the first year. At the end of the first year, upon satisfactory performance, the fellowship is enhanced to Rs 31,000/- per month (further raised to Rs 35,000/- after registration for Ph.D.). Monthly fellowship for M.Sc. (Biology) is Rs 16,000 (+HRA as applicable).

ELIGIBILITY: (Candidates in the final year of qualifying degree can also apply).

Mathematics: • For Ph.D.: M.A./M.Sc./M.Math./M.Stat./M.E./M.Tech. • For I-Ph.D.: B.A./B.Sc./B.Math./B.Stat./B.E./B.Tech. (Students already having/completing Master's degree by July 2021 are not eligible for I-Ph.D.).

Physics : • For Ph.D.: M.Sc./M.S. in Physics, or equivalent degree, on completion of programme(s) of duration not less than 5 years in total. • For I-Ph.D.: M.E./M.Tech./B.Sc./B.S./B.E./B.Tech/B.Chem in Physics, Engineering Physics, or equivalent degree, on completion of programme(s) of duration not less than 3 years in total. Any other degree in Science / Engineering / Medicine, or equivalent, on completion of programme(s) of duration not less than 3 years in total.

Chemistry: • For Ph.D.: M.Sc./B.E./B.Tech./M. Pharm. or equivalent degree. • For I-Ph.D.: B.Sc./B.Pharm./B.S. degree or equivalent degree. Candidates with B.E./B.Tech degrees, enrolled in the Ph.D. programme can optionally get an M.Sc. degree by fulfilling additional requirements.

Biology: Candidates will be short-listed for interview based on written test marks, CV, letters of recommendation and scientific write-up. • For Ph.D.: Masters in Basic Science (M.Sc. Physics/Chemistry/Mathematics/any branch of Biology) or any professional Master's Degree (M.Pharm/M.Tech.), or a 4+4 year degree programme (e.g. MBBS, BDS). Students holding an M.Sc. degree in a non-Biology allied discipline such as Chemistry/Physics/Mathematics/ Computer Science, and who wish to obtain an M.Sc. in Biology, will be offered the option of enrolling in the I-Ph.D programme at the time of joining. • For I-Ph.D./M.Sc.: Bachelors in any Basic Science (Physics/Chemistry/Mathematics/any branch of

Biology) OR any 4-year degree programme that awards a "Bachelor's degree" including B.Tech., B.E., B.V.Sc., B.Pharma, (4 year course).

The TIFR Nationwide Entrance Examination (GS-2021) for Biology is also called the Joint Graduate Entrance Examination for Biology and Interdisciplinary Life Sciences (JGEEBILS). See <http://www.ncbs.res.in> JGEEBILS. All participating institutions use the result from this examination as a part of their admission process. Students need to apply separately to each JGEEBILS participating institution.

Computer Science & Systems Science (Including Communications and Machine Learning): • For Ph.D.: B.Tech./B.E./B.Sc. (4-year degree)/M.Tech./M.E./M.C.A./M.Sc. or any other equivalent degree in Computer Science / Electronics & Communications Engineering / Electrical Engineering or related branches. Exceptionally well qualified students with a B.Tech./ B.E./ B.Sc. (4-year degree)/M.Tech./M.E./M.Sc. degree in other disciplines may also be considered. Candidates not holding a master's degree can obtain an M.Sc. degree by fulfilling the prescribed requirements during their Ph.D. programme. • For I-Ph.D.: B.Sc. (3-year degree) or any other 3-year degree in Computer Science/Electronics & Communications Engineering/Electrical Engineering or related branches. Exceptionally well-qualified students with a 3-year undergraduate degree (B.Sc.) in related subjects may be considered for the I-Ph.D. programme. Candidates in the I-Ph.D. programme will need to fulfil the requirements for both an M.Sc. and a Ph.D.; upon successful completion, they will receive both degrees.

ADMISSION PROCEDURE: The admissions procedure (in all subjects except Science Education) consists of an online test at one of the several nationwide centres followed by interviews and/or second written test of shortlisted candidates depending on the subject/programme. The online test will be held on Sunday, March 7, 2021 in the following cities: Agartala, Ahmedabad, Bengaluru, Bhopal, Bhubaneswar, Chandigarh, Chennai, Cochin, Delhi, Guwahati, Haldwani, Hyderabad, Indore, Jaipur, Jammu, Kanpur, Kolkata, Madurai, Mangalore, Mumbai, Nagpur, Patna, Pune, Varanasi and Visakhapatnam. Some more cities for the exam could be added in due course. Please check the website for updates.

Interviews: For information on subsequent interviews, please check our website.

GATE score based applications in Systems Science (including Communications and Machine Learning): Engineering students with exceptional performance in GATE examination of 2019-2021 in Electrical, Electronics and Communications Engineering, Mathematics may apply for the Ph.D. programme without appearing for the TIFR Entrance Test. The link for GATE score based applications will be made available on our website on January 31, 2021. In case a student takes the Systems Science TIFR Entrance Test and also submits a GATE score based application, the better of the two performances will be considered.

GATE/JEST/NET exam scores for Physics, Biology and Chemistry: In addition to the admissions through the nationwide examination, some admissions in Physics, Biology and Chemistry based on GATE / NET / JEST scores in the relevant subjects, and Ecology and Evolution GATE scores (NCBS only), are also possible. Details of these admission procedures, including cutoffs and application dates, will be available on the websites of TIFR-Mumbai, NCRA-Pune, NCBS-Bengaluru, ICTS-Bengaluru and TIFR-Hyderabad, as appropriate and at appropriate times.

(ii) Tie Breaking Rule in Merit - In case of two or more candidates having the same marks in stage I then the tie will be broken in steps as follows (wherever tie is broken next stage will not be proceeded): -

(aa) Candidate scoring more marks in section –I (applicable only for Navik (GD) and Yantrik and not for Navik (DB)).

(ab) Candidate scoring more aggregate percentage in qualifying exam (10th class for Navik (DB), 12th Class for Navik (GD) and diploma for Yantrik) as per the post applied.

(ac) Candidate older in age will be higher in merit.

(B) STAGE-II - Based on the performance in the Computer Based Online Examination, a merit list will be prepared and e-admit card for stage-II will be issued as per the vacancies available and ratio decided by ICG. If the candidate is shortlisted for stage-II then he will be required to upload additional documents as mentioned at Para 6 (c) (iv) & Para 6 (c) (v). E-admit card for stage-II will not be generated till the additional documents are uploaded by the candidates within a time period as mentioned on ICG website. The duration of Stage – II will be from 1 to 2 days. Stage- II involves following test which are only qualifying in nature i.e. either Pass or Fail:-

Continued...

(a) Physical Fitness Test (pass/fail). Candidates undergoing PFT will do so at their own risk. All candidates are advised to be in possession of sport rig (Shoe, T-shirt, Trouser etc). The PFT consists of:-

- (i) 1.6 Km run to be completed in 7 minutes.
- (ii) 20 Squat ups (Uthak Baithak).
- (iii) 10 Push-up.

(b) Document verification (Pass/fail). All the information provided in the online application has to match with all the original documents like grade X/XII/ Diploma mark sheet/photo Identity card/caste certificate/individual subject and aggregate marks. Any inconsistency in all the documents and application with respect to "name, date of birth, parent's name, percentage of marks, validity of documents, caste certificate details etc." will lead to failure in document verification and the candidature will be cancelled. The date of issue of all documents has to be the closing date of application or any date prior to closing date of application. The validity of all the uploaded documents has to be at least up to 31 Oct 21. In case of any mismatch of information provided in the application form, document uploaded (at online application stage-I and II) and original documents produced for physical verification at Stage-II then the candidature will be cancelled.

(c) Re-assessment of Inconsistent Performers (Pass/fail) – Inconsistent Performers are those candidates whose percentage scored in online examination is 30% or more than the percentage secured in the qualifying board/ diploma examination. (E.g. If a Navik (GD) candidate scores 110 marks (Section I – 60 & Section II – 50) thereby securing 100% marks in written examination. If the aggregate percentage of the candidate in 12th class is 70% or less than 70% then the candidate is inconsistent performer). There will be additional Written Examination for inconsistent performers. This test will be held after qualifying PFT/Document verification for only inconsistent performer. This test is only of passing marks and will be similar to the written examination at Stage-I. The marks scored in this re-test will have no bearing on the final merit as the merit will be decided only on the written examination of Stage-I. However, if the candidate fails to pass this re-assessment written examination then he will be declared disqualified/ fail and his candidature will be cancelled.

(d) Initial Medicals Examination. (Pass/Fail) – The medical officer may put the candidates as permanently unfit or temporarily unfit. The candidate can appeal on the finding of the initial medical examination. The appeal medical to be completed "within 21 days if permanently unfit" or "within 42 days if temporarily unfit" after completion of initial medicals. No further review/appeal is permissible if declared unfit/fail in appeal medicals. No other Medical fitness certificate other than that of the specialist opinion in a military hospital is admissible during appeal medical. The validity of initial medical is only upto 6 months. The candidate will be required to undergo another initial medical examination if the recruitment process is delayed due to any unforeseen event like COVID pandemic or any other circumstances.

(C) STAGE – III – Based on the performance in Stage-I & Stage-II, an all India merit list will be prepared and e-admit card for stage-III (final medicals at INS Chilka) will be issued as per the vacancies available and ratio decided by ICG. The duration of Stage-III is 1 to 2 days. Stage-III involves following:-

(a) Document verification (Pass/fail). All the information provided in the online application has to match with all the original documents like grade X/XII/ Diploma mark sheet/photo Identity card/caste certificate/individual subject and aggregate marks. Any inconsistency in all the documents and application with respect to "name, date of birth, parent's name, percentage of marks, validity of documents, caste certificate details etc." will lead to failure in document verification and the candidature will be cancelled. The date of issue of all documents has to be the closing date of application or any date prior to closing date of application. The validity of all the uploaded documents has to be at least up to 31 Oct 21. The candidate can be failed in document verification in stage-III even if he is pass during document verification at stage-II. In case of any mismatch of information provided in the application form, document uploaded (at online application stage-I and II) and original documents produced for physical verification at Stage-III then the candidature will be cancelled.

(b) Final Medicals at INS Chilka [Review Medicals as part of Final Medical (pass/fail)]. Final Medical Examination of all selected candidates will be done at INS Chilka. Candidates, who are not found medically fit in the final medical examination at INS Chilka, will NOT be enrolled for training. "An Appeal" is permitted for medically unfit candidates after the final enrolment medical examination at INS Chilka and will be given an opportunity to appeal against the findings if they so desire at a Military Hospital as decided by the Coast Guard within a maximum period of 21 days or as decided by INS Chilka. The candidate will travel to the selected Military Hospital and back on their own expense for Appeal Medical Examination.

(c) Submission of original document, police verification and other associated forms. All the candidates are to submit original documents, police verification forms and other associated forms along with the e-admit card of Stage-III. Candidates should be in possession of police verification from either place of domicile or place of present residence. Candidates without the verified police verification reports or reports or reports with adverse comments will not be eligible for enrollment. The format for the police verification form can also be downloaded from the website <https://joinindiancoastguard.cdac.in>

(D) STAGE-IV–The candidates are to submit all the original documents and verification of all original documents through boards/universities/state government will be carried out by Indian Coast Guard. Candidate will be terminated from service if the documents are reported as not genuine by respective boards/universities/state government.

(ii) The candidates claiming height relaxation are to submit domicile certificate to the medical officer. Failure to submit the domicile certificate will lead to non-waiver of height relaxation.

(f) Tattoo. Permanent body tattoos are not permitted on any part of the body. However, certain concessions are permitted to candidates belonging to tribal areas/ communities as declared by the Govt. of India. For other candidates, permanent body tattoos are only permitted on inner face of forearms i.e. from inside of elbow to the wrist and on the reverse side of palm/back (dorsal) side of hand. Details in this regard are available on the Indian Coast Guard Recruitment website <https://joinindiancoastguard.cdac.in>.

Note: Candidates with above Medical standards are only to appear for the selection. No waiver will be given for the above standards. The Coast Guard order on medical standard of Naviks (GD/DB) & Yantrik will be the final authority. Applicants declared permanent medically unfit by any Armed Forces Hospital in previous recruitment for the same entry in Indian Coast Guard are advised not to apply.

11. Training. The basic training for Navik (General Duty) and Yantrik will commence in Aug 2021 and Navik (Domestic Branch) in Oct 2021 at INS Chilka followed by sea training and professional training in the allotted trade. Branch/trade will be allocated as per the requirement of service and performance during basic training. Naviks (GD/DB)/Yantriks are liable to be discharged as UNSUITABLE if their progress (including academic) or conduct is unsatisfactory at any time during training. Trainees are also liable to be discharged at any stage of training if their online application or the documents are found to be falsified at the stage of recruitment.

12. General Guidelines.

(a) Candidates withdrawn on disciplinary grounds from any other service training establishments are not eligible to appear.

(b) Candidates should not have been arrested, convicted or have pending criminal charges in any court of law. Candidates facing criminal proceedings are debarred from applying in response to this advertisement.

(c) All original certificates and mark sheets produced at the time of Stage II will be returned to candidate post verification. All original certificates and mark sheets produced at the time of Stage III will be retained by ICG if cleared stage III or returned to candidate post verification if declared fail.

(d) The candidate's selection pertaining to a particular batch is valid for that batch only. Qualified candidates whose names do not appear in the final select list cannot claim admission for the next batch. These candidates will have to undergo the selection procedure afresh provided that they meet the eligibility criteria for the fresh batch.

(e) Applications received by post will not be accepted.

(f) E-admit card for Stage III will be forwarded only to candidates clearing initial medical at stage II and standing in merit as per vacancies. Such candidates will be required to reach the training establishment INS Chilka at their own expense. Unsuccessful candidates will not be intimated separately.

(g) No enquiry will be entertained regarding recruitment/enrolment for this batch after 31 Dec 2021.

(h) Indiscipline activities including copying/malpractice etc. during the testing procedures will also result in disqualification. The decision of ICG would be final and binding on all the candidates with regard to copying/malpractice.

(i) The application and the original documents will be further scrutinised for eligibility prior to enrolment and may be rejected if found not eligible in any respect at any stage of recruitment and even after induction in service.

(j) Candidates from "Open Schools" institutes not recognized by AICTE/ COBSE are not eligible.

(k) Examination city will be allocated to candidate as per preferences given in the application and who have successfully submitted the application by making successful payment (except SC/ST candidates, who are exempted from payment of fee). In case of more number of candidates applying for one examination city, Coast Guard reserves the right to allocate to any other examination city which may or may not be in the candidate preference list.

(l) Coast Guard reserves the right to cancel examination at one centre and shift the examination to another date and centre.

(m) Coast Guard reserve the right to cancel the entire recruitment of this batch at any stage of the recruitment process without assigning any reason.

(n) Use of Mobile phones and other electronic gadgets are not permitted during examination. Coast Guard considers such possession as adopting unfair means. If any candidate is caught with Mobile, Bluetooth, any kind of scanning equipment etc. during Stage I, II & III then his candidature will be cancelled and immediate action as per law including filling FIR will be initiated.

(o) Coast Guard cannot guarantee the safe keeping of any electronic devices. Candidate will not be allowed to go to toilet or leave examination venue/hall for any reasons after the commencement of the written examination.

(p) All candidates will be frisked prior entering into examination venue.

(q) All candidates are requested to be watchful and immediately bring to notice of invigilator of any suspicious action by any of the candidates.

(r) Candidates must have valid e-mail ID and mobile no. for successful online registration. The communication by ICG with the candidate will be only through e-mail, SMS on mobile and ICG website. Candidates are directed to check the ICG website and e-mail regularly for any change in recruitment schedule. Failure to regularly check the e-mail and ICG website may lead to non-reporting for various recruitment stages by the candidate and the candidature will be cancelled. No response on the e-mail & update as published on ICG recruitment website will lead to cancellation of candidature. ICG will not be responsible if the candidate fails to regularly check the important recruitment communication through e-mail and website.

(s) Candidates are to fill the online application form with due care as no changes are allowed in the application after submission.

(t) Candidates are directed to fill the caste details (SC/ST/OBC (Non-Creamy)/EWS) as applicable with due care as no changes are allowed after submission of application. In the past few candidates declaring the caste wrongly in the application form requested Coast Guard to permit them to appear in the written examination as general candidate. This is not permitted on the ground of false declaration by the candidates in the application form and leads to cancellation of the candidature at any stage of the recruitment process and even after induction in the service.

(u) Candidates are strongly advised to apply well in time without waiting for the last date for the submission of online application form.

(v) Failure to report on the date and time as mentioned on the e-admit card for Stage-I, II & III will lead to cancellation of candidature.

(w) Indian Coast Guard takes impersonation very seriously during the recruitment process. FIR/criminal proceedings will be initiated against both the applicant and the proxy candidate.

(y) No candidate should misbehave in any manner or create disorderly scene in examination premises. Candidate misbehaving in any manner will be debarred from appearing in the current and future examination of ICG. The decision of the Indian Coast Guard as to the eligibility or otherwise of a candidate for admission to the online examination (Stage-I), PFT/reassessment test/ initial medical (Stage-II), Final medical at INS Chilka (Stage-III), Verification of original documents (Stage-IV) shall be final and binding on the candidate.

(z) Indian Coast Guard does not assume any responsibility for the candidates not being able to submit their applications within the last date or on account of any other reason beyond the control of Indian Coast Guard.

(aa) The candidates should note that their admission to the examination will be purely provisional based on the information given by them in the Application Form. This will be subject to verification of all the eligibility conditions by Indian Coast Guard. The mere fact that an Admit Card has been issued to a candidate, will not imply that his/her candidature has been finally cleared by Indian Coast Guard or that entries made by the candidate in his/her application for the Preliminary examination have been accepted by Indian Coast Guard as true and correct. Candidates may note that the Indian Coast Guard takes up the verification of eligibility conditions of a candidate, with reference to original documents, only after the candidate has qualified for the Stage II/ Stage III. Unless the candidate is formally confirmed by the Indian Coast Guard in service after verification of documents from the respective boards/ universities, his candidature continues to be provisional. The decision of the Indian Coast Guard as to the eligibility or otherwise of a candidate for admission to the Examination shall be final.

(ab) The possibility for occurrence of some problems in the administration of the examinations cannot be ruled out completely, which may impact examination and/or result from being generated. In that event, every effort will be made to rectify such problem, which may include movement of candidates, delay in examination. Conduct of a re-examination is at the absolute discretion of Indian Coast Guard.

SCIENCE FOR SELF-RELIANT INDIA AND GLOBAL WELFARE

Narendra Modiji gave a clarion call for self-reliant India, because that was the time when we were struggling to have our face masks, PPE kit, diagnostics, medicines, ventilators etc. So we picked up from there, that this time our theme should be Atmanirbhar Bharat - Self-reliant India & Global Welfare. This time we had 13 new events in this. In one of the Mann Ki Baat program of the Prime Minister, he spoke about Indian toys and its potential. Taking cue from it this time we had a section on Toys and Games and it was an overwhelming success. A new section on AgriTech was also introduced with a view to become self-reliant in seed production where we are currently lagging. Also in pharmaceuticals, we export to the entire world. IISF provided a platform for taking forward the cause of Atmanirbhar Bharat and reduce import.

Since time immemorial, India had always promoted the philosophy of - Vasudhaiva Kutumbakam meaning the whole world is one family. How can science play a role is taking forward this philosophy?

Vasudhaiva Kutumbakam and Sarve Bhantu Sukhinah has been our philosophy for many centuries. I wish to mention here Acharya J.C. Bose. Our readers would be knowing about his work on radio waves. The modern day mobile uses that technology. He could have gone for a patent but he didn't because his philosophy was that science is for all. If a country makes Covid vaccine and restricts it to only domestic use, it would mean that science

is not for masses. If you remember in March this year there was a shortage of Hydroxychloroquine which at that time was touted as a magic drug for covid. India is known as pharma nursery of the world and it supplied Hydroxychloroquine to more than 50 countries including the US and this exactly is our philosophy. Science cannot be done in silos. Whatever is the outcome, it has to be shared with the larger humanity.

This year due to the corona virus pandemic IISF was held virtually. What kind of challenges did it pose?

IISF is a big congregation of people to celebrate science. In Indian culture, people come and enjoy festivals in large numbers. But because of social distancing norms it was not possible to do it offline. Therefore, it was decided to go online. Initially, we thought of going for web lectures, zoom meetings etc but the festivity would be lost. We wanted people to come on to a common platform. Whether is was a student or a researcher, a professor, diplomat, artisan, healthcare worker, everyone comes on to the same platform. The challenge was to create a robust platform for scientific knowledge exchange at the same time retaining the festivity.

How was the response in this edition of IISF?

The response was indeed overwhelming. More than one lakh twenty two thousand unique ID participants registered for the events and more than five lakh people participated in four days. The icing on the cake was that

Prime Minister Shri Narendra Modi inaugurated the festival and the valedictory address was by the Vice President Shri M. Venkaiah Naidu which was really encouraging and inspiring.

Dr. Agarwal you are heading National Institute of Science Communication and Information Resources as the Director. What exactly is the mandate of the organisation.

CSIR has 38 laboratories pan India and we are working on the entire spectrum of subjects. This particular Institute of CSIR has a mandate to integrate science with the society. We focus on science communication and information resources. Whatever science is happening around the globe, our responsibility is to communicate it to the masses. So much of funding is going into science, so we are accountable to the society. The question is does the common man know what is happening. NISCAIR is a nodal organisation to communicate science in a lucid language to the common man.

Are you also targeting school children among the general public to inculcate the scientific temper and spirit of enquiry?

It's been our endeavour to inculcate the spirit of enquiry in children. Even our Constitution talks about it. We must encourage our children to ask questions. We have a program named JIGYASA which means curiosity in Hindi, wherein students from Kendriya Vidyalaya are invited to visit CSIR laboratories and NISCAIR

and interact with scientists and visit the entire campus. We also publish three magazines for children in English, Hindi and Urdu at a very nominal cost. During lockdown these magazines were made available online totally free of cost.

How exactly do you provide formal linkages among the scientific fraternity. Do you also come out with scientific journals?

In the scientific world, it is very important to communicate your research by way of a research paper or article or patent so that the whole scientific community comes to know what is going around. When we talk of Atmanirbhar Bharat, scientific publication is another domain where India has to become self-reliant. NISCAIR is publishing scientific journals for a long time. We are publishing 18 scientific journals across disciplines at the moment. The journals have wide reach not only in India but across the world.

Dr. Agarwal you are also heading the National Institute of Science Technology and Development Studies (NISTADS). What is the Institute all about?

Whatever you do, if it does not serve the society, it's of no use. Mahatma Gandhi also emphasised this. NISTADS is basically a bridge, it takes forward the kind of technology developed in CSIR laboratories. Society needs new technology but adequate awareness is not there. We are also collaborating with Unnat Bharat Abhiyan and taking developments in science and technology to rural areas. NISTADS basically tells scientists what society needs

and tells society what all has been developed by the scientists.

Often we see that the linkage is missing when it comes to commercial production of any new technology or innovation. Why is that and what kind of a role is NISCAIR playing to bridge the gap?

I feel, of late, the linkage is being established. I believe that working in isolation could be one reason why commercial linkage is missing most of the times. Scientists have a different goal and business have a different objective. Both need to be integrated. We now have incubators in research organisations and also the emphasis on Start-Ups would lead to enhanced interface between scientists and the industry at large. CSIR and NISCAIR helps in technology transfer and hand holding during the initial period.

Whatever mankind is today is all due to progress in science and technology. Where do you see human civilisation in the next 20 to 30 years?

It's a dynamic process. The way science and technology is progressing rapidly I perceive that in the next 20-30 years science will not only be there for development but also for the environment and giving back to mother earth. Science and technology should be available to all, it should be inclusive. Science should bridge the gap between the haves and the have-nots, people on the fringes in the next 20-30 years, it should be for the welfare of the mankind.

■ US President Donald Trump inks \$ 900 bn Coronavirus relief package

US President Donald Trump has signed into law a Coronavirus relief and spending package bill, averting a partial government shutdown. President Trump had initially refused to sign the bill, saying he wanted to give people bigger one-off payments. The delay meant that millions of Americans temporarily lost unemployment benefits. In a statement, Mr Trump said, he was signing the bill to restore unemployment benefits, return airline workers back to work and add substantially more money for vaccine distribution. The relief package worth 900 billion dollar was approved by Congress after months of negotiation. It is part of a 2.3 trillion dollar spending package that includes 1.4 trillion dollar for normal federal government spending.

■ Chinese court gives 3 year jail term for 10 Hong Kong democracy activists

A Chinese court in Shenzhen Yantian District sentenced 10 Hong Kong democracy activists to three years imprisonment. The other two minors of the group will be returned to Hong Kong after they admitted wrongdoing. The activists were caught in August as they made a rare attempt to escape Hong Kong by speedboat to Taiwan. The case has drawn global attention and concern about the detainees' treatment in view of a harsh new security law introduced by Beijing in June. It has triggered widespread criticism at a time of growing fears about the semi-autonomous territory's evaporating freedoms.
